

NEW CONSTRUCTION

SOLUTIONS

A LEGACY OF

LASTING INNOVATION

For over 50 years, Rubbermaid Commercial Products has pioneered world-class product solutions that meet the challenging demands of commercial facilities, while outperforming and outlasting the competition. We are proud to be a global leader, trusted partner and pioneer of professional-grade product solutions that simply work better than the rest.

WHAT SETS RCP APART?

INNOVATIVE PRODUCTS

Solutions designed to address the distinct needs of a variety of environments, including hotels, office buildings, airports, stadiums and more.

DURABILITY

Products that meet the challenging demands of commercial facilities day in and day out from opening day and beyond.

SUSTAINABILITY

Sustainable packaging, products, and processes to reduce landfill waste and encourage recycling and composting.

EXCEPTIONAL SERVICE

Proven track record of providing excellent customer satisfaction so you can trust that products will arrive on time in perfect condition.

UNCOMPROMISING QUALITY

High-quality products available in a variety of colors and finishes to elevate any facility's aesthetic.

FULL-FACILITY

SOLUTIONS

Stadiums, office buildings, distribution centers, airports and many more - our products are found in facilities across the world to provide comprehensive solutions for facility operations. From construction to opening day and beyond, our solutions help maximize productivity, increase efficiency and support sustainability efforts in your facility.

SOLUTIONS FOR EVERY STAGE OF DEVELOPMENT

DESIGN PROCESS

As new facilities begin to come to life through conceptual designs and technical specs, Rubbermaid Commercial Products can provide guidance on cleaning, refuse, and washroom considerations.

FIXTURE DECISIONS

Our washroom fixtures are available in a variety of sizes and styles to complement any aesthetic.

BUILDING TURNOVER

Remove construction waste and debris using BRUTE® containers and tilt trucks to prepare the facility for ongoing operations.

INSPECTION PREPARATION

Pre-clean all areas of the building and implement safety processes in advance of building inspection.

ONGOING OPERATIONS

Rubbermaid Commercial Products solutions are made to last to keep your facility looking and running like new for years to come.

WASTE & RECYCLING NEEDS

Rubbermaid Commercial Products is here to help consult on the expected flow of waste in your facility, ensuring that recycling streams, capacity and flow of waste are considered while selecting products to complement facility designs.

CONSTRUCTION

Contractors and construction companies trust our products to handle heavy loads and tough conditions at any project site.

EMPLOYEE TRAINING

Introduce training regarding waste streams, equipment usage and optimal cleaning processes to drive compliance and maximum efficiency in your facility.

OPENING DAY

With cleaning complete, employees trained and final touches in place, it's time to welcome patrons to your pristine new facility.

COMPREHENSIVE WASHROOM SOLUTIONS

At Rubbermaid Commercial Products, we know that the condition of your washroom is important to your patrons' experience and facility's reputation. Our products are designed to stand up against heavy traffic and constant use. No matter what challenges your facility faces, our complete washroom solutions will ensure that your facility maintains a professional image that leaves every visitor with a positive and lasting impression.

FIXTURES

Touch-free flushers and faucets are built to endure the toughest washroom conditions. Our automated fixture options utilize Surround Sensor™ Technology to ensure the washroom is always clean, presentable and ready for patron use.

SKIN CARE

Pump up the performance of your washroom with our soap and sanitizer dispensers and refills. Automatic solutions eliminate touch points and control portioning to reduce refill maintenance and waste.

AIR CARE

Consistent dispensing systems blend into the washroom environment, attack odors at the source and release fresh-smelling fragrances to create the ultimate sense of cleanliness.

SANITIZER STANDS

Make hand hygiene more accessible in your facility with our complete offering of sanitizer solutions that can be placed anywhere, from tabletops to poles to entryways, for easy and convenient access.

DECORATIVE REFUSE CONTAINERS

FOR ELEVATED AESTHETICS

Rubbermaid Commercial Products decorative waste and recycling containers are built to stand up to any environment with long-lasting quality and classic designs to complement facility aesthetics. Innovative features like venting channels, easy access side doors and hinged lids allow users to work faster, smarter and safer.

INDOOR METAL

Sleek and contemporary containers complement new construction design concepts and technical specifications for front of house waste and recycling needs. Featured product lines such as Configure™*, Silhouette, Classics* and Impressions™ provide superior aesthetics while standing up to everyday use.

OUTDOOR METAL

Contemporary outdoor containers, like Dimension and Aspen, blend seamlessly into outdoor spaces to complement aesthetics and establish a positive first impression. Steel construction and durable powder coat finish are designed to withstand severe weather, including rust, corrosion and UV rays, to provide years of reliable outdoor service.

RESIN & SPECIALTY

Durable resin containers combine style and functionality to improve the patron experience without sacrificing budget. These containers are ideal for high-volume collection and are made with quality materials designed to stand the test of time. Keep your facility looking new for years to come with product lines such as Landmark Series® and Ranger™.

*Containers are suited for both indoor and outdoor spaces

THE FULL WASTE

STREAM SOLUTION

Building an effective waste system requires consistent processes and products throughout your facility. From durable BRUTE® containers to the space efficient Slim Jim® containers, our utility refuse solutions provide a full cycle waste and recycling system with products built to stand up to high-traffic use in any environment.

SLIM JIM®

Slim Jim® containers feature a compact design that fits in the tightest spaces. Containers are constructed from the highest quality materials to extend life in the most extreme commercial environments.

SLIM JIM® RECYCLING STATIONS

An adaptable recycling solution that offers a front of house look with smart functionality. Multi-stream, color-coded containers with a variety of waste stream label options provide clear visual cues with a cohesive look.

BRUTE®

Industry-leading durability that's guaranteed to never fade, warp, crack, rust, peel, or dent. BRUTE® containers are optimal for recycling and waste in back of house, high-traffic environments.

EFFICIENT MOVEMENT AND DISPOSAL

Tilt trucks, utility carts and platform trucks bring you the most efficient solutions for transportation and disposal of multi-stream waste and recyclables, as well as transporting materials throughout a facility. Ergonomically designed equipment improves safety and worker productivity to help reduce costs.

TILT TRUCKS

Manufactured with state-of-the-art materials, tilt trucks make the collection, movement and disposal of waste more efficient. These trucks are best utilized in high volume, back of house spaces when in transit to the dumpster or loading docks.

UTILITY CARTS

Efficiently carry supplies of all shapes and sizes. Easily organize items and use the cart as a work station to help workers prepare for and complete the job.

PLATFORM TRUCKS

Ideal for moving large, heavy, oversized loads efficiently, platform trucks allow workers to safely move bulky materials throughout a facility. Built with durable materials for long-lasting support.
