

STOCKING THE HIGH-SECURITY JANITORIAL CLEANING CART

The High-Security Janitorial Cleaning Cart is ideal for storing and moving cleaning supplies, waste, and safety items from room to room within healthcare facilities. Carts are divided into three sections for improved organization: floor care, storage, and collection.

FLOOR CARE

- 1** Integrated hooks on the cart side are built to hold two safety signs for spill management and wet floor care.
- 2** Recommended products for QuickClip good holders include:
 - Dust mop handle
 - Wet mop handle
 - Duster
 - Broom and dust pan
- 3** HYGEN™ Microfiber Charging Bucket fits securely on the bottom platform.

STORAGE

- 4** Cart hood can be accessed from both directions and doors should remain locked at all times, per Joint Commission Standards.
Spray bottles or cleaning solutions can be stored in 10 qt. pails (included) located under the hood.
- 5** Locking cabinet storage space is ideal for:
 - Cleaning solutions
 - Microfiber cloths
 - Paper goods
 - Waste liners

COLLECTION

- 6** The vinyl bag can be used to collect waste or soiled linens, and keeps these items separate from the rest of the cart.
- 7** A convenient waste cover and storage compartment is the ideal place to store a notebook, pens, paperwork, and extra gloves.
