

SlimJim[®]

SLIM JUST GOT SMARTER

THE SLIM JIM® CONTAINER from Rubbermaid Commercial Products delivers the durability needed for commercial environments combined with brand new innovation to increase worker productivity.

This time, we are delivering more than just space efficiency with Slim Jim®. We've added innovative product features and new accessories to bring you the most efficient solution for collection, transportation, and disposal of multi-stream waste and recyclables in tight spaces.

With four venting channels that make removing liners up to 80% easier than traditional containers, and integrated cinches that allow for quick, knot-free liner changes, the Slim Jim® container with venting channels helps you get the job done more efficiently.

80% EASIER TO LIFT LINERS

The Slim Jim® container is designed with four built-in venting channels that create airflow throughout the container. This air circulation reduces the vacuum effect that occurs when lifting out liners in traditional containers. By reducing the pull force required to lift out liners by up to 80%, the Slim Jim® container improves productivity and reduces the risk of injury.

800.347.9800

IMPROVED PRODUCTIVITY

VENTING CHANNELS

Make removing liners 80% easier, improving productivity and reducing the risk of worker injury.

BAG CINCHES

Secure liners around the rim of the container and allow for quick, knot-free liner changes.

BASE AND RIM HANDLES

Improve grip and control while lifting and emptying full containers.

MULTIPLE DOLLY OPTIONS

Allow for efficient collection and transportation of up to four Slim Jim® containers.

REDUCE THE RISK OF WORKER INJURY

Venting channels reduce the risk of worker injury from overexertion, a leading cause of workplace injuries associated with managing refuse. With the Slim Jim® container, workers can complete the job more comfortably and efficiently than with traditional containers.

800.347.9800

DESIGNED TO LAST

REINFORCED RIM

Maintains structural integrity to resist crushing.

COMMERCIAL-GRADE CONSTRUCTION

With high-quality resin material.

ROBUST RIM HANDLES

Resists tearing and damage during lifting and moving.

STAINLESS STEEL DOLLIES

Easy to clean. Won't rust or chip.

FITS IN THE TIGHTEST SPACES

Made in the USA, the Slim Jim® container with venting channels features a slim, proprietary design constructed of high-quality material to fit in tight spaces and ensure a long life in tough commercial environments.
