

Zero Batteries

The Microburst 3000 is powered by the LumeCel™ rechargeable energy system, eliminating the need for alkaline batteries. It's completely self-powered by indoor lighting (both artificial & natural light) and guaranteed to run for at least 15 years.

Lower Maintenance Costs

Each Microburst 3000 air care dispenser is self-powered and works right out of the box. The need to purchase, store, replace, and dispose of batteries - is eliminated. It's also virtually maintenance free, reducing the potential of workplace mishaps or accidents.

Low Disposal Impact

LumeCel's rechargeable energy cell and solar panels help to create a positive environmental impact by being 100% recyclable, which greatly reduces landfill fees and toxic alkaline battery disposal fees.

Existing Dispenser Back Plate

Retrofit Cover with Energy Cell

EASILY UPGRADE EXISTING MICROBURST 3000

Converting your existing Microburst 3000 Air Care System to LumeCel's revolutionary green technology is quick and easy. Simply remove the existing Microburst 3000 front cover, and replace with a LumeCel retrofit cover, which includes solar panels and the rechargeable energy cell.

Fragrance Refill Portfolio

Rubbermaid Commercial Products' Microburst 3000 combines the industry's most reliable and energy efficient dispensing technology with fragrances designed to meet the diverse needs of the away-from-home washroom, effectively eliminating odors and leaving the washroom with a clean, fresh fragrance.

Microtrans® Technology

Traditional air fresheners only camouflage malodors. Rubbermaid Commercial Products Air Care Systems are engineered to do the complete job! All RCP formulas contain Microtrans®, a true odor neutralizer, which is paired with the industry's highest quality fragrances to effectively eliminate "unavoidable odors" in commercial washrooms.

Microtrans® 3000 Refills

Microtrans® Odor Neutralizer breaks down and eliminates malodors.

- Contains 63% less VOCs per spray than a standard aerosol
- Refill actuator distributes the finest dry mist for long-lasting performance
- All refills contain Microtrans® Odor Neutralizer

World-Class Reliability

Microtrans®, a True Odor Neutralizer, and Industry-leading 10-Year Warranty

Simple By Nature. Simple By Design.

REVOLUTIONARY GREEN ENERGY SYSTEM THAT TRANSFORMS LIGHT INTO POWER

LumeCel™ captures energy from regular indoor lighting

Like a solar panel capturing energy from the sun, LumeCel captures energy from any indoor light source.

LumeCel™ is Smart

LumeCel's rechargeable energy cells are made from fully recyclable nickel metal hydride technology. Super efficient, they store energy from light, providing internal electrical power at nearly 100% efficiency. Easy to use, ready for use, right out of the box.

LumeCel™ is Clean

LumeCel's revolutionary green energy system is the cleanest, best choice for the environment. It's 100% recyclable and eliminates the need to manufacture, use and dispose of alkaline batteries. This equals no continual landfill or toxic alkaline battery disposal fees, minimal environmental impact and a higher LEED certification.

1 = 30*

One LumeCel Rechargeable Energy Cell will last as long as 30 conventional alkaline batteries.

*based on typical dispenser settings

LumeCel™ lasts for years and years

This globally-patented revolutionary green energy system is completely self-powered and guaranteed to run automatically for at least 15 years.

LumeCel™ saves time and money

Staff will no longer need to purchase, store, replace and dispose of batteries. LumeCel is also virtually maintenance free, reducing the potential of workplace mishaps or accidents.

550 million

pounds of alkaline and lithium batteries go into landfills, globally, every year. With LumeCel, you're no longer a contributor to this waste stream.
