

CONFIGURE™ OUTDOOR

BUILT FOR ANY ENVIRONMENT

Configure™ Outdoor containers make it easy to recycle in any environment with recycling labels that visually display each waste stream. The rain hood offers added protection against outdoor elements, rain or shine.

RAIN HOOD

Rain hood prevents outdoor elements from entering the container.

LOCKING DOORS

Door lock ensures container contents remain secure and surrounding area stays clean.

MAGNETIC CONNECTION

Magnetic connection keeps containers neatly arranged in a station or island, allowing for effortless adaptations to meet your facility's changing recycling needs.
